

PORTFOLIO

Welcome to my portfolio, where creativity meets design! I specialize in crafting visually compelling graphics that tell your brand's story. From logos and branding to digital illustrations and print materials, explore my work and see how thoughtful design can transform ideas into captivating visuals.

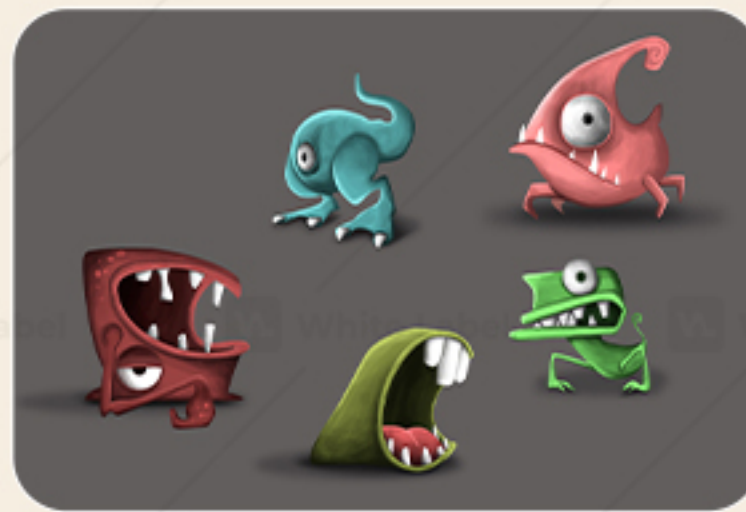

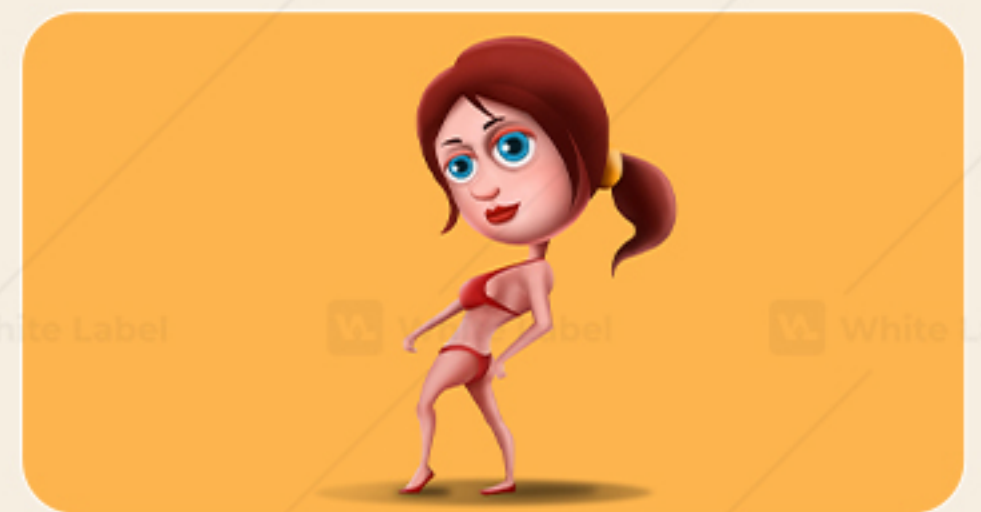

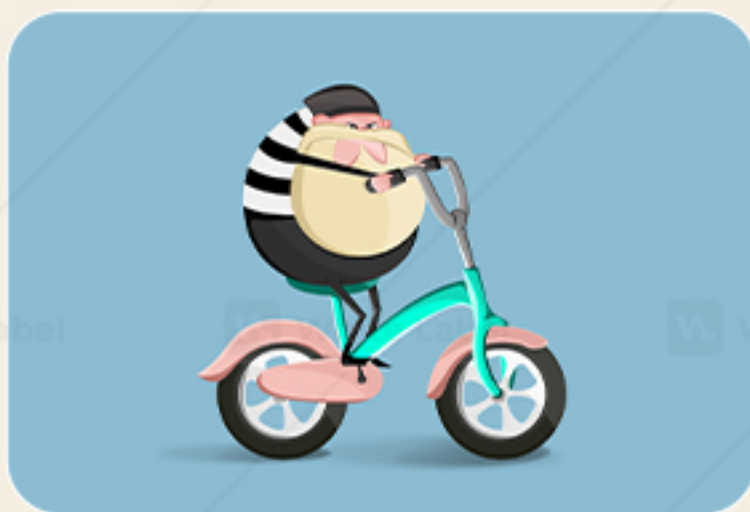

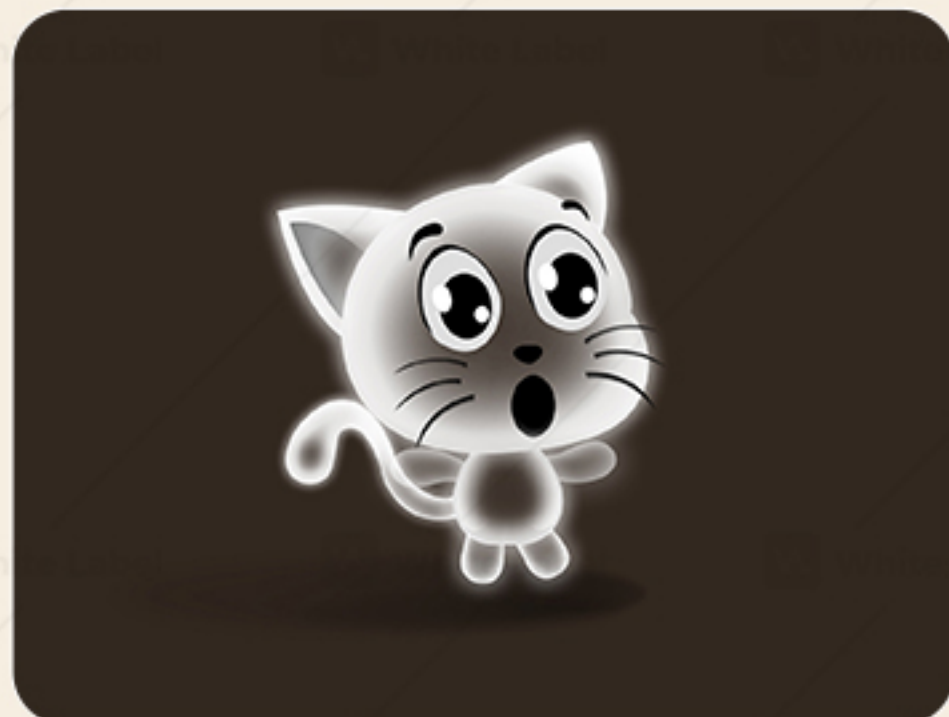

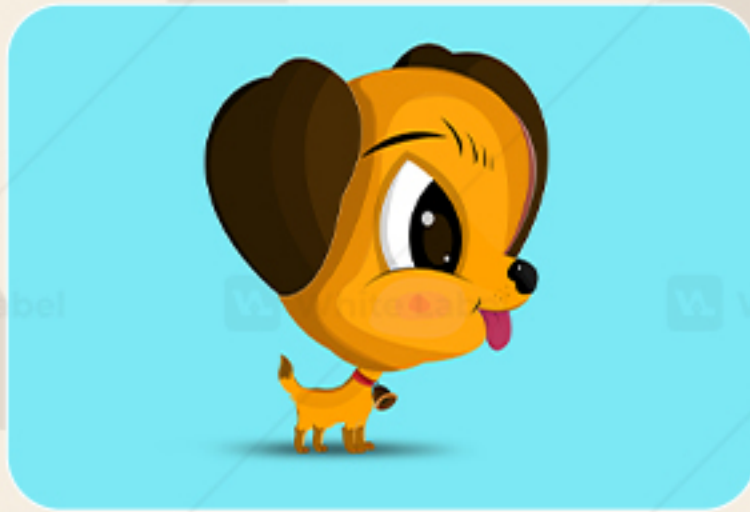

Character Design

Ps Ai Id

Character design in film and games is a form of concept art and involves visually defining a character's physical appearance, personality, behavior, and aesthetic. It's more than just a drawing.

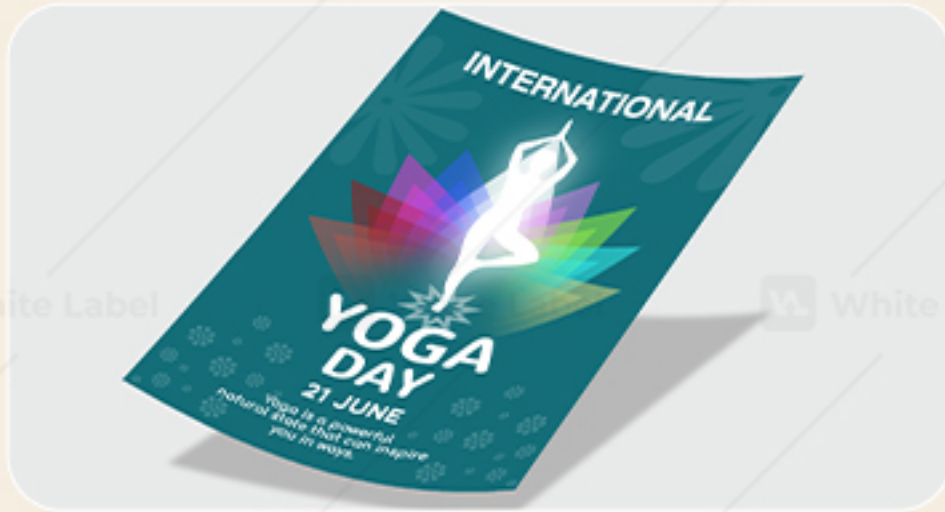

Flyer Design

A flyer (or flier) is a form of paper advertisement intended for wide distribution and typically posted or distributed in a public place, handed out to individuals or sent through the mail.

T-Shirt Design

T-shirt designs encompass a wide range of creative and artistic expressions printed or embellished on the fabric of T-shirts. These designs can vary from simple graphics and typography to intricate illustrations making each T-shirt unique.

Game icon Design

Icon design is the process of designing a graphic symbol that represents some real, fantasy or abstract motive entity or action.

Photo Retouch

Photo retouching is the process of altering an image to prepare it for final presentation. Retouchers typically perform actions that are small localized adjustments to an image.

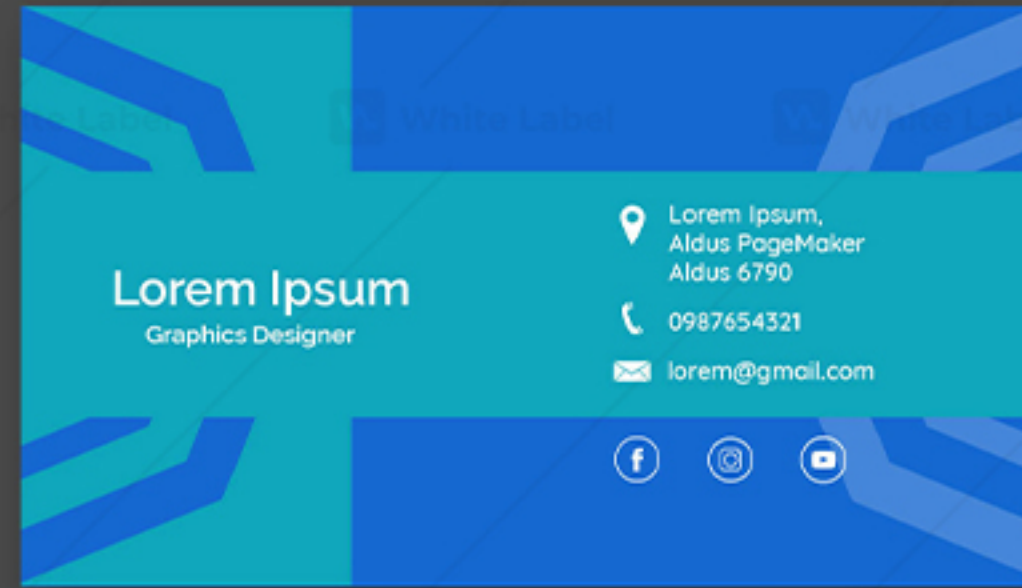

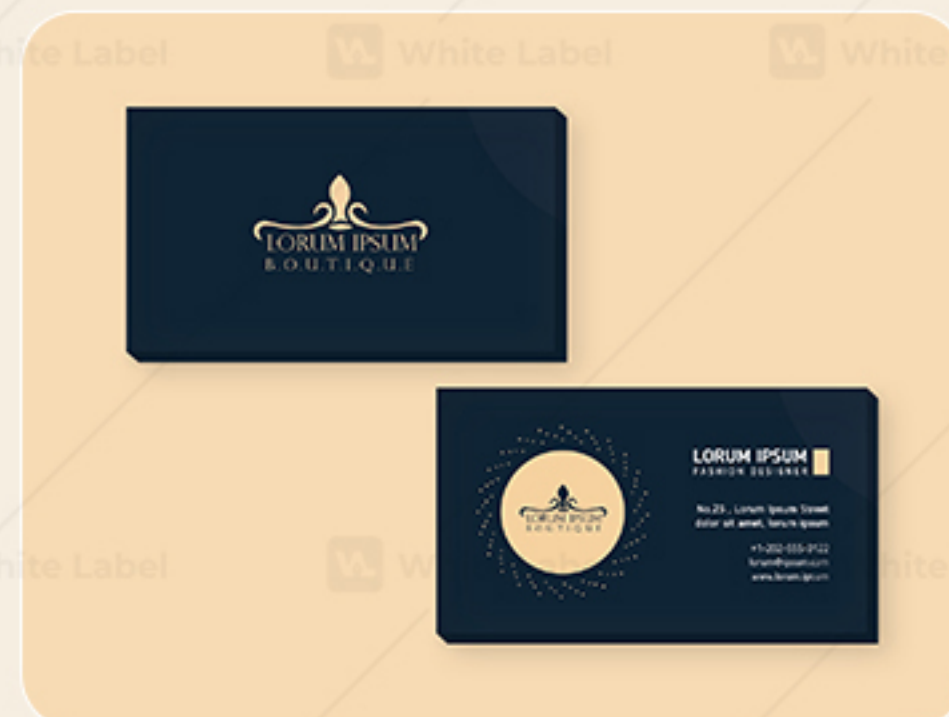

Business card Design

Business cards are pieces of paper that people hand out with their professional and contact information. They typically include the company they work for, their type of work their phone number, email address and a small design to make it memorable.

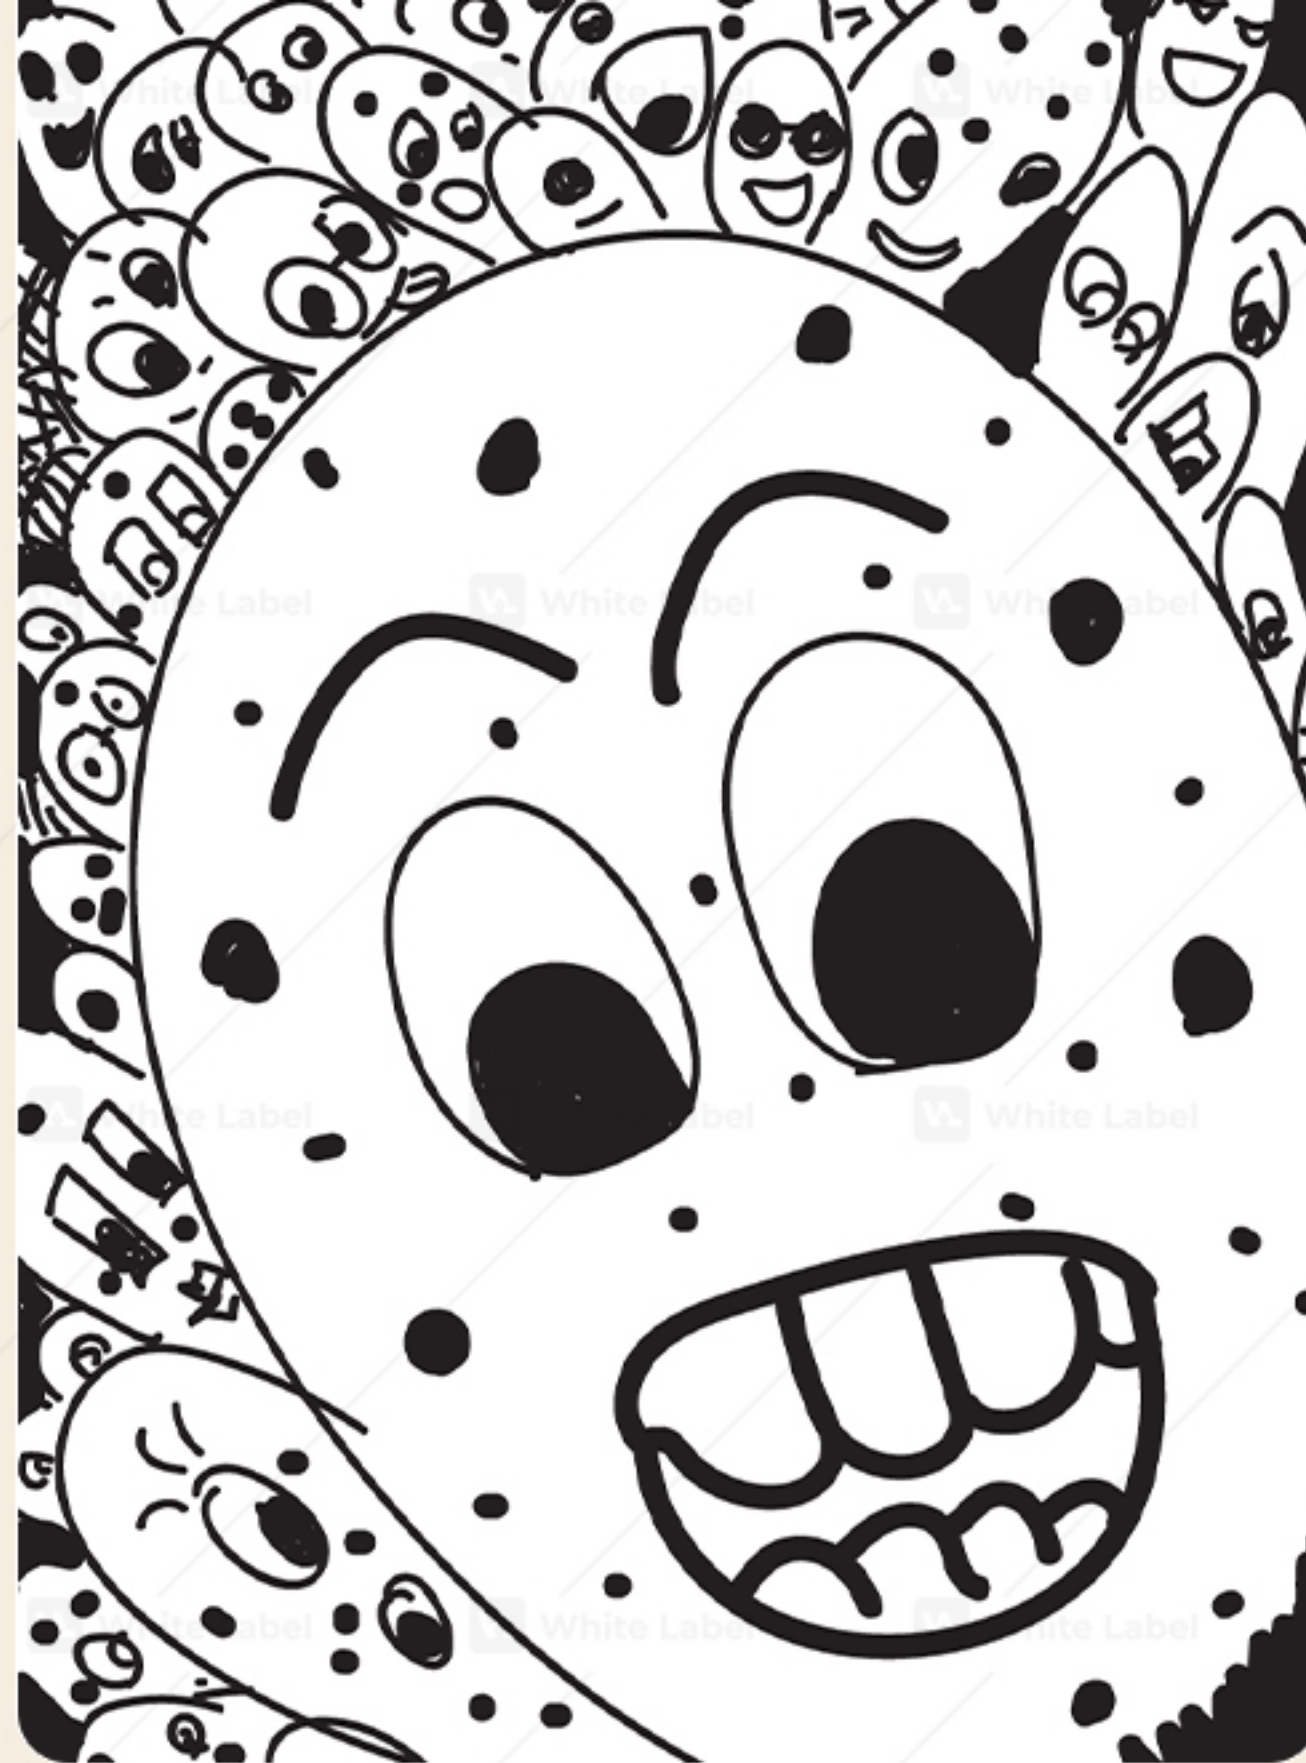

Doodle Design

Doodles are simple drawings that can have concrete representational meaning or may just be composed of random and abstract lines or shapes, generally without ever lifting the drawing device from the paper, in which case it is usually called a scribble.

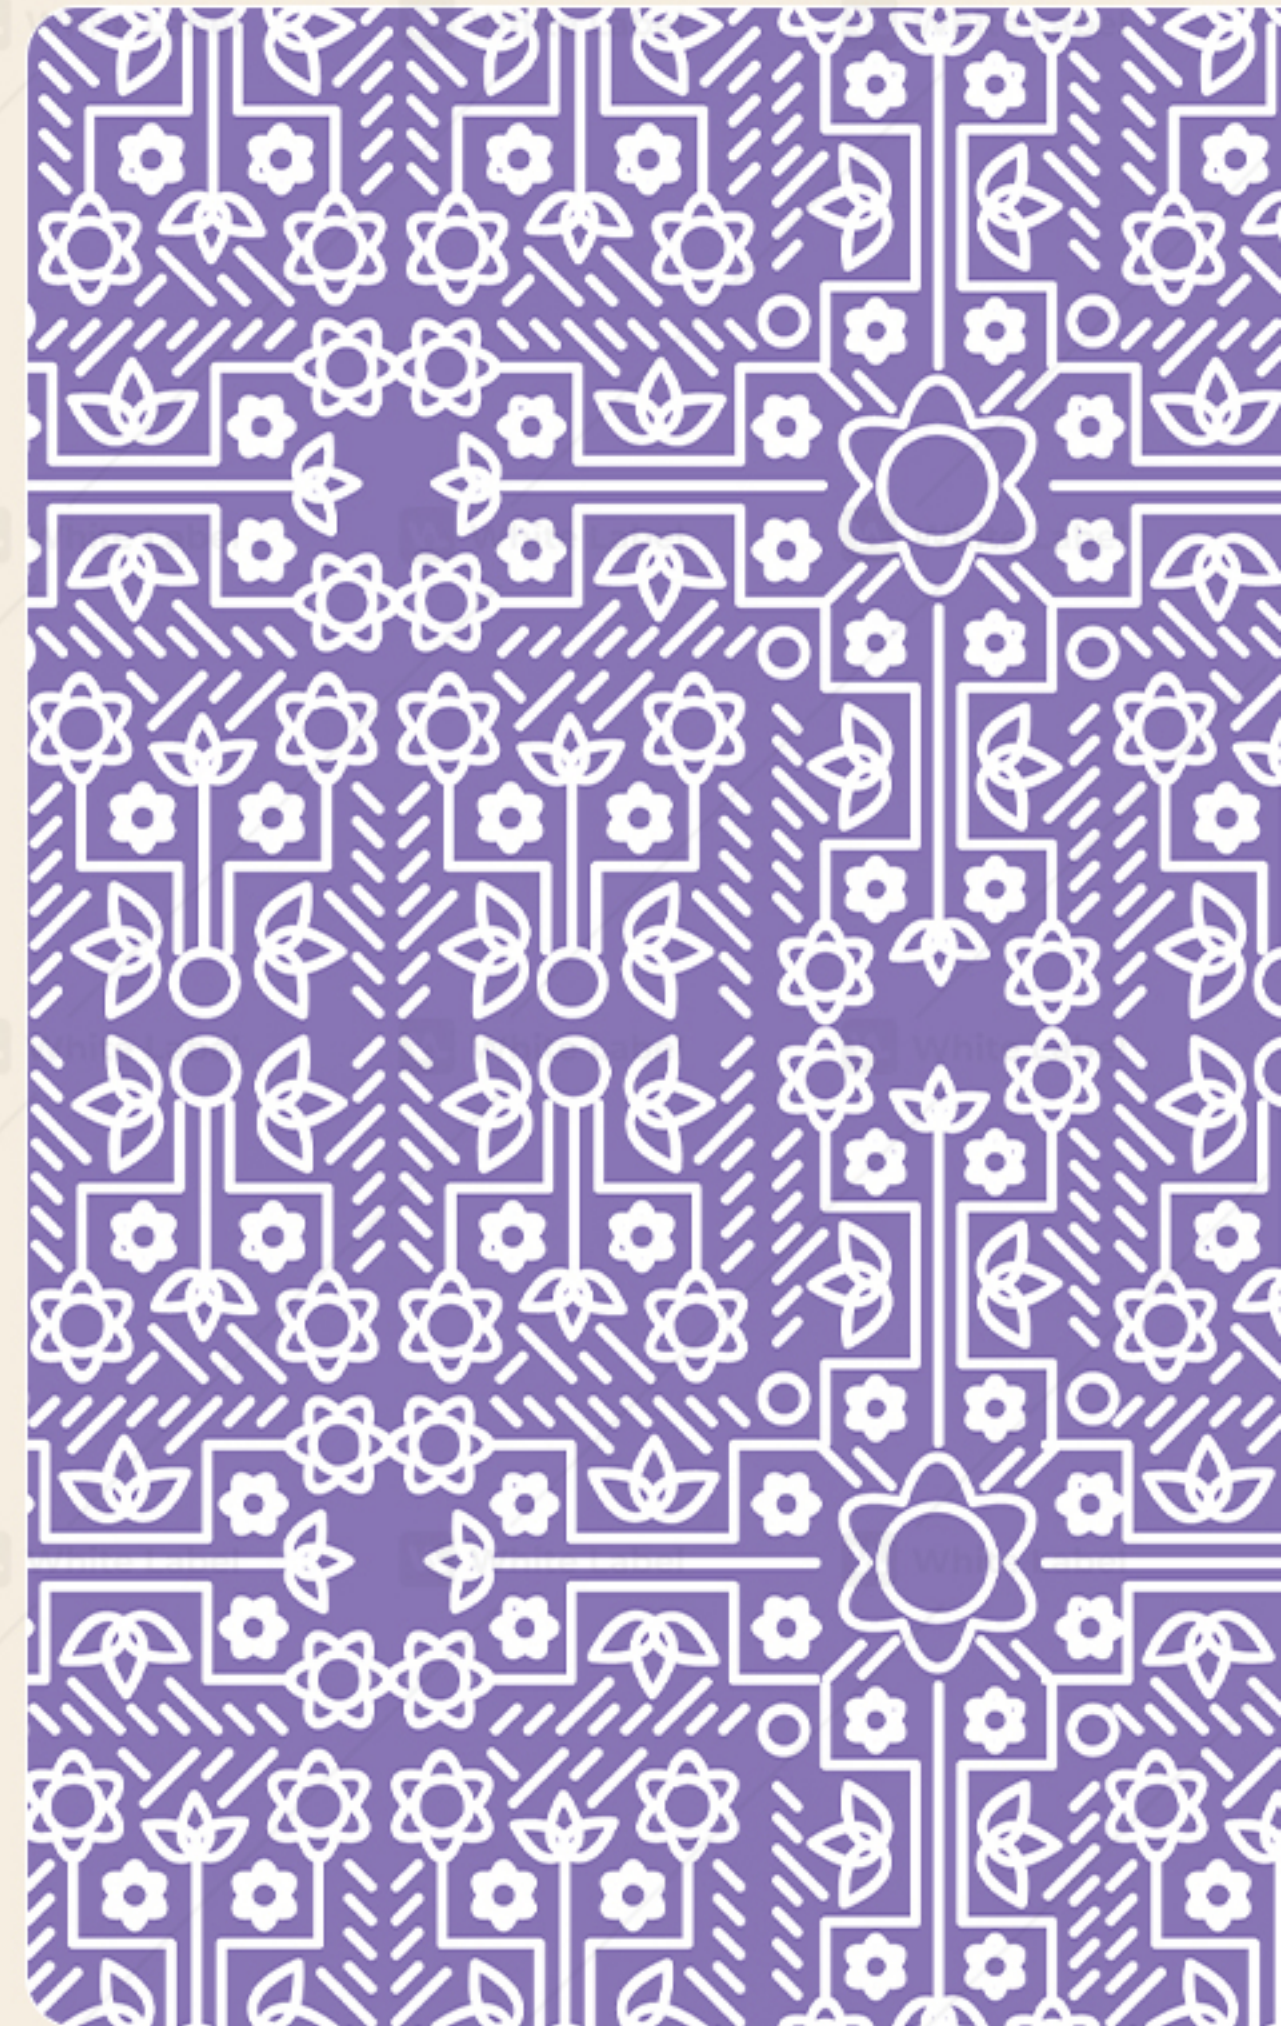

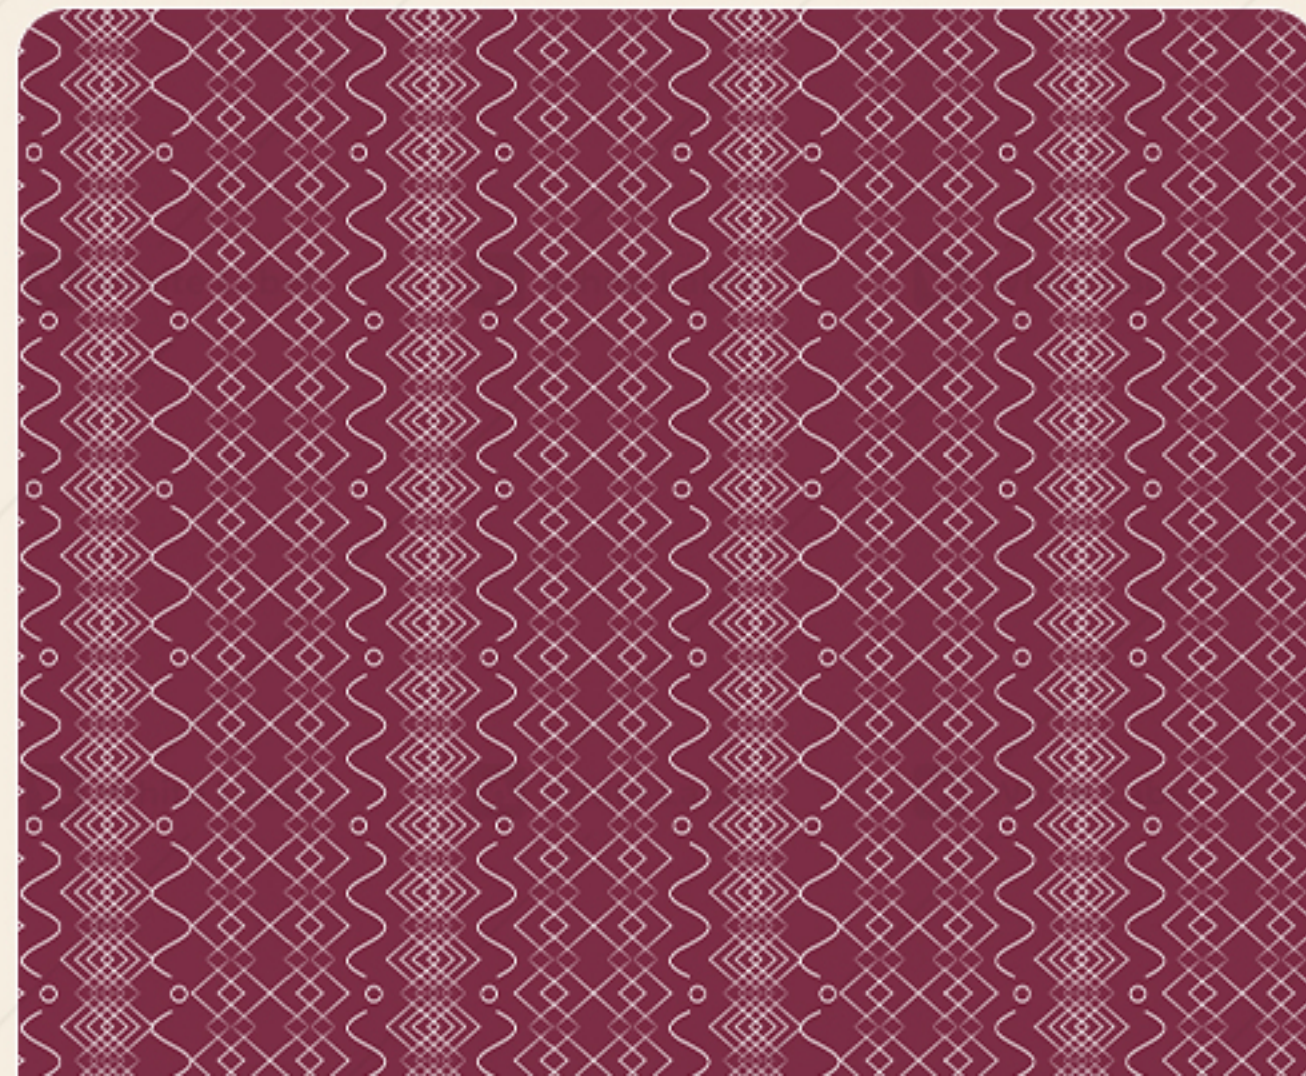

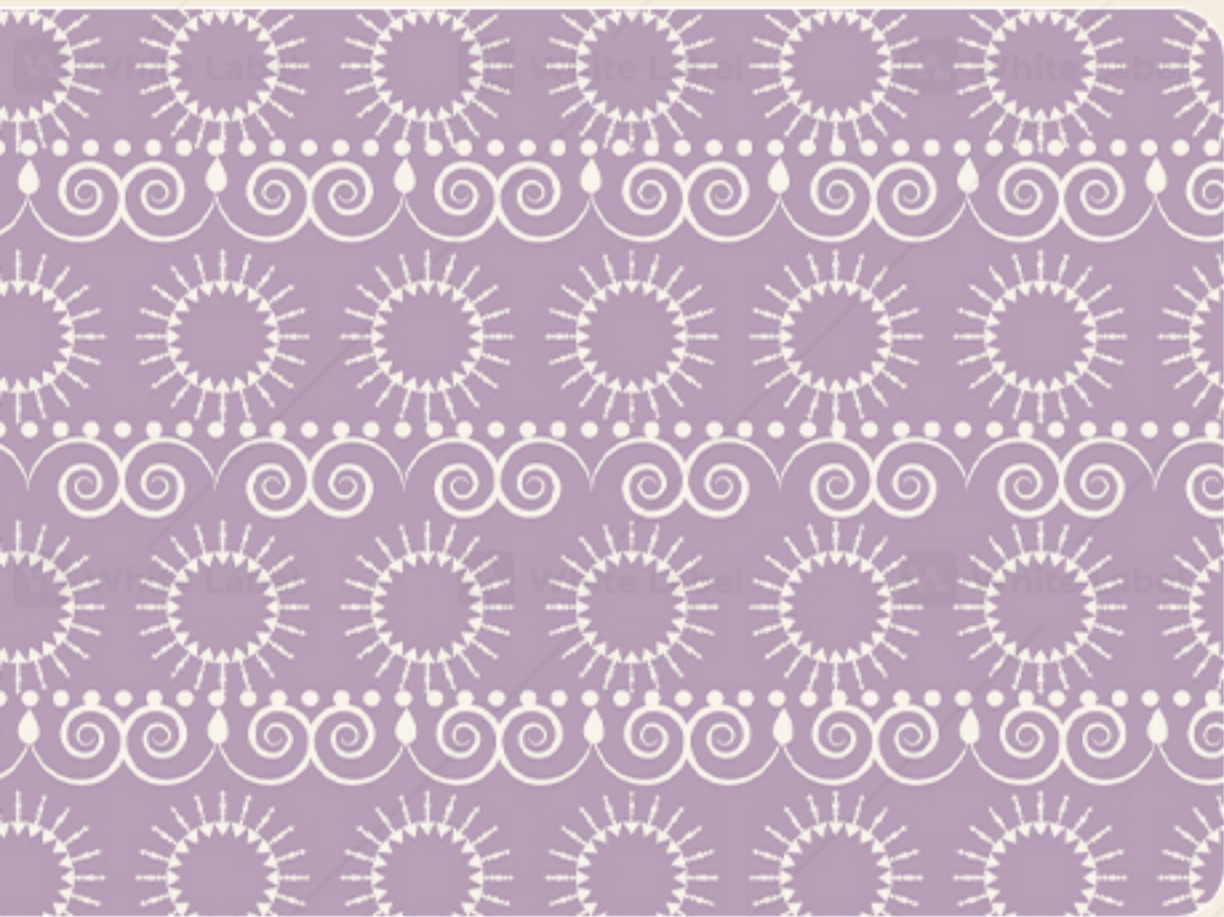

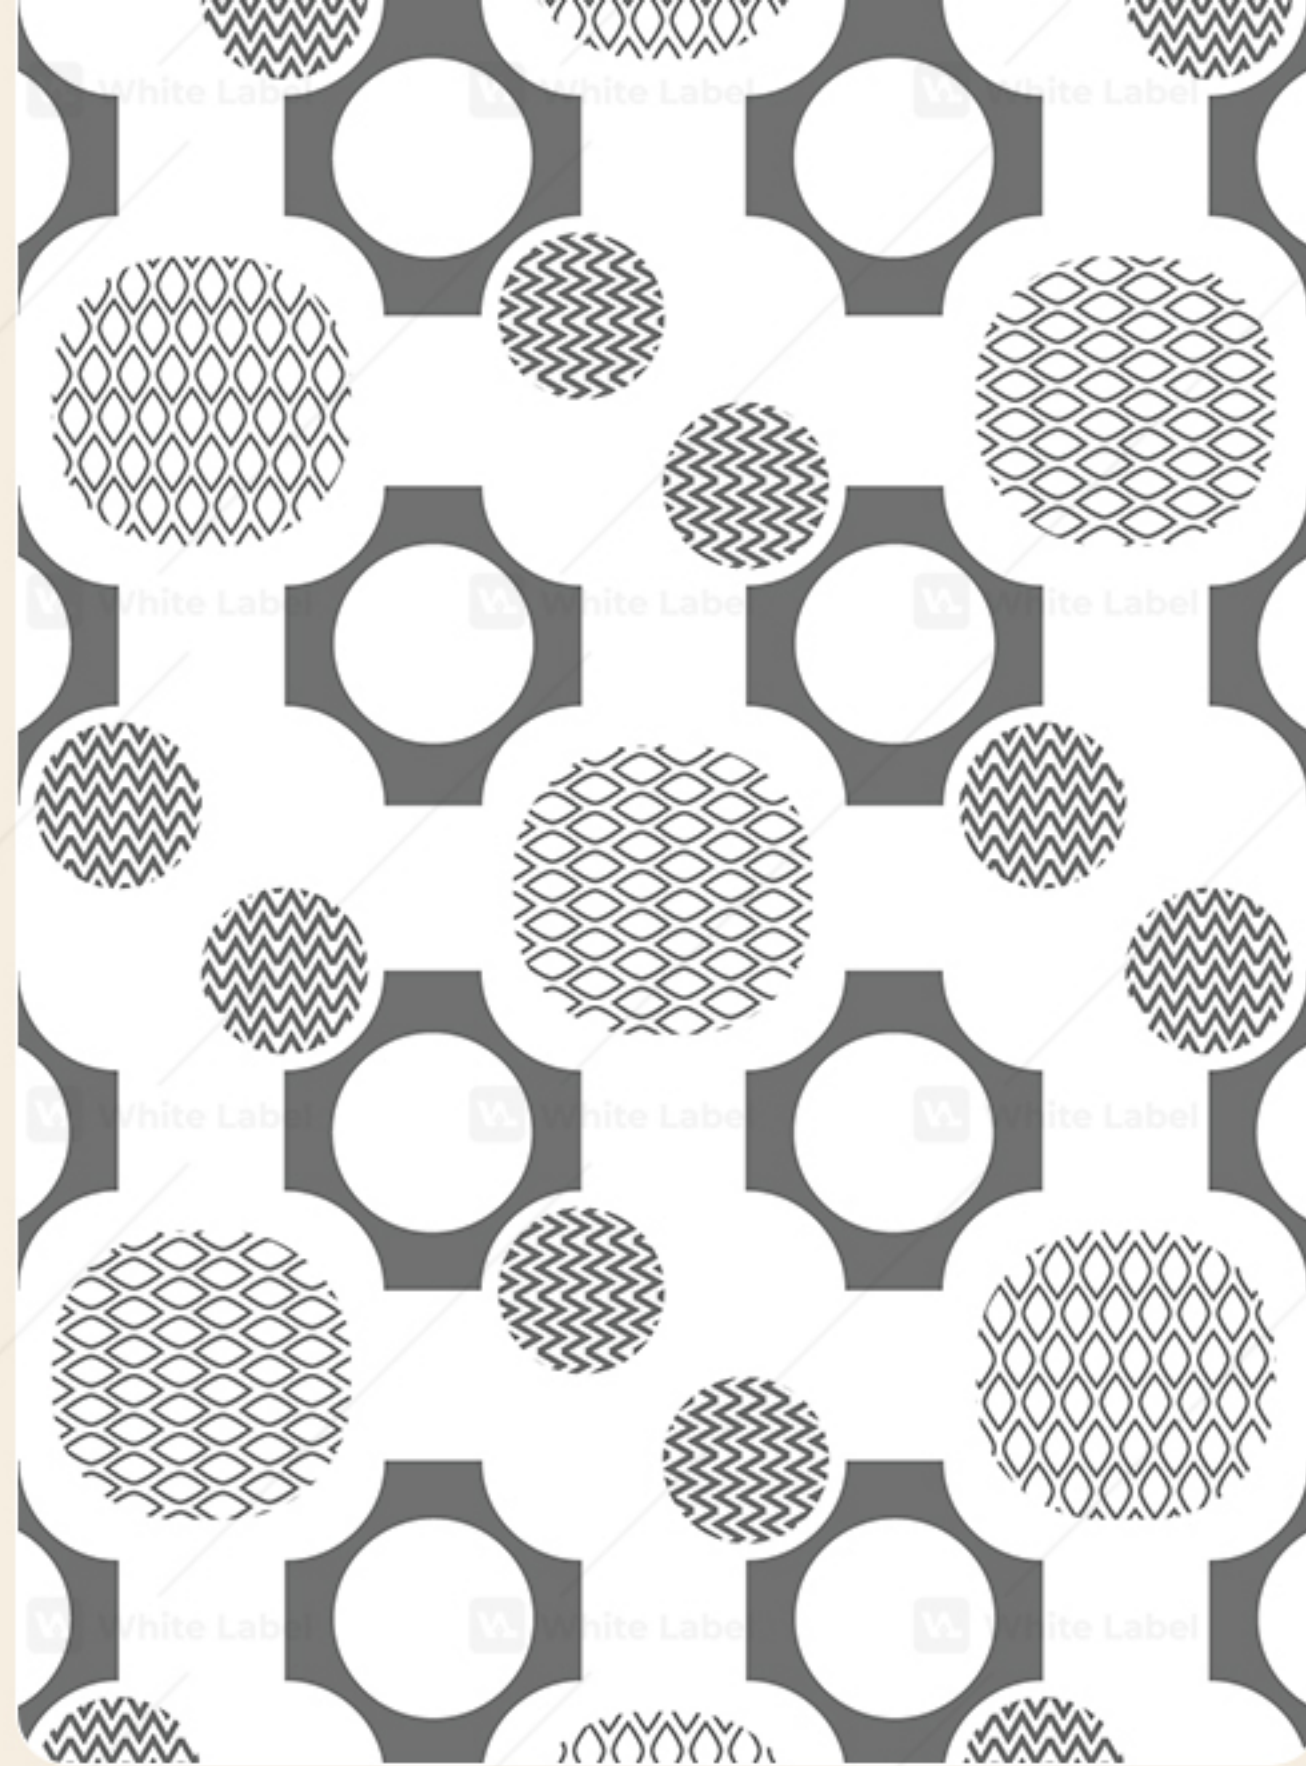

Pattern Design

Patterns are made up of distinct components that are then repeated in the same manner throughout the design; repetition focuses on the same thing being repeated.

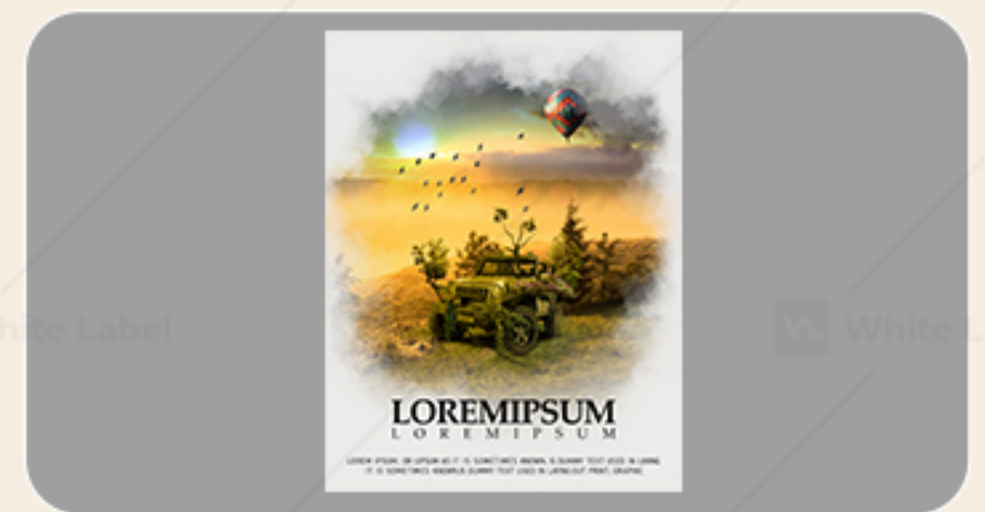

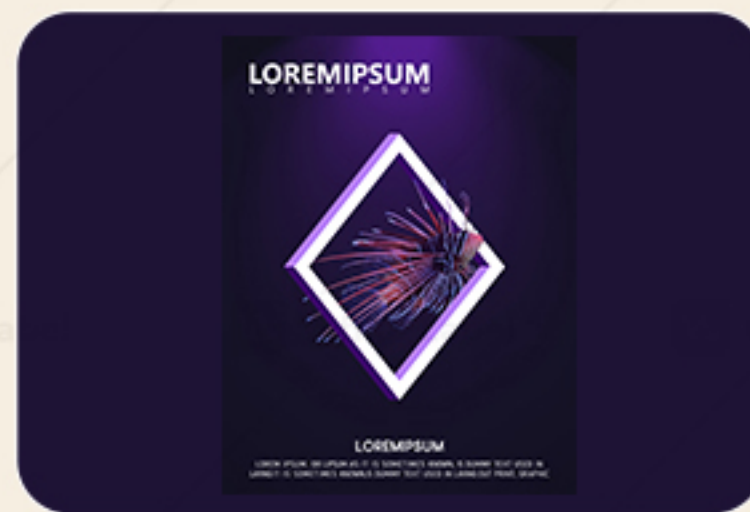

Poster Design

Poster design is a type of graphic design. Poster artists utilize graphic design and usually have more flexibility and freedom beyond traditional marketing methods.

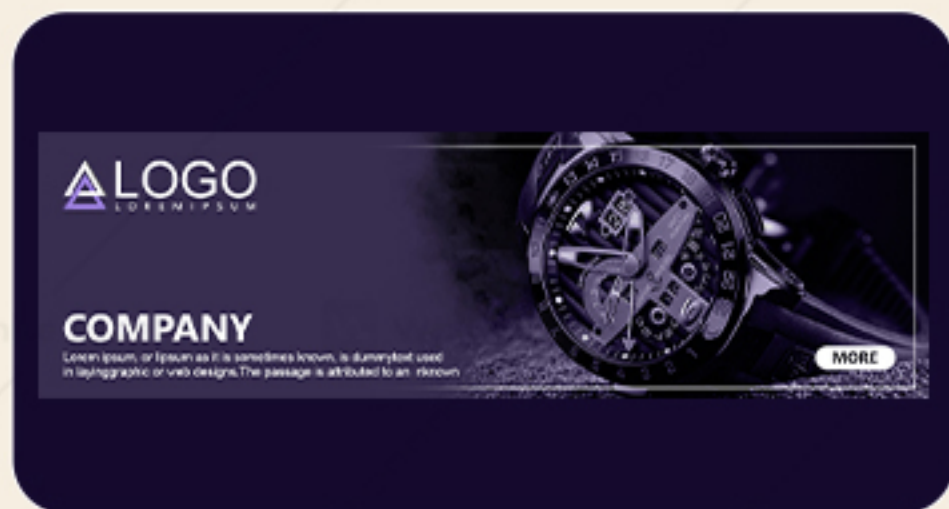

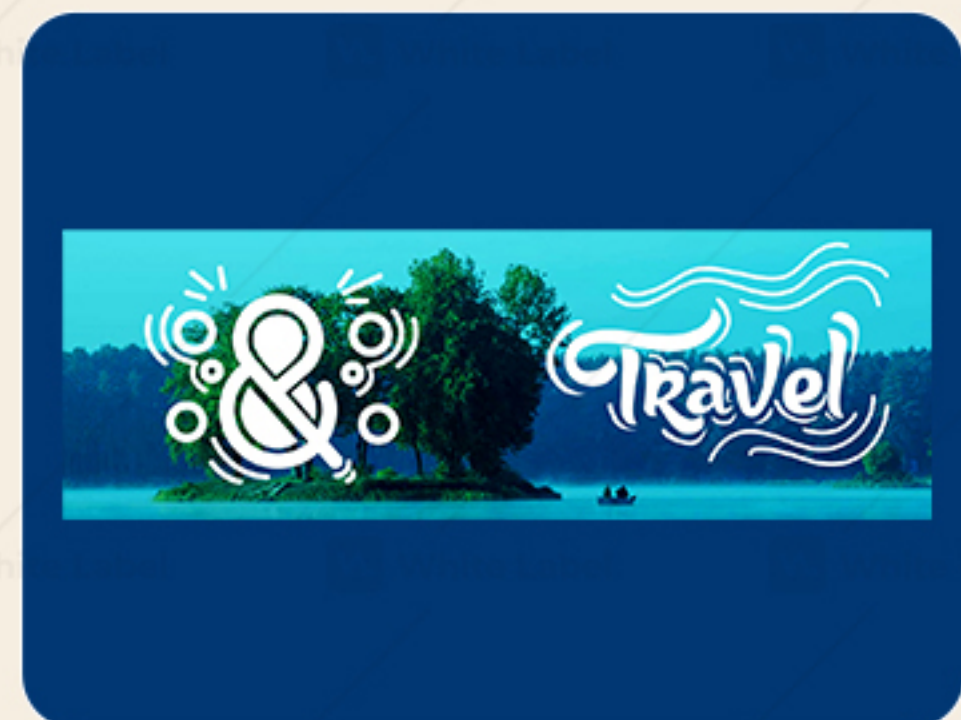

Banner Design

Ps Ai Id

A banner refers to a large, eye-catching display made of various materials such as fabric, vinyl, or paper. It typically contains text, images, and graphics and is used for advertising, promoting events, and conveying messages.

Pamphlet Design

Pamphlets are typically larger than leaflets and smaller than brochures. They include some images but are mostly informational, and so feature a lot of text.

Catalog Design

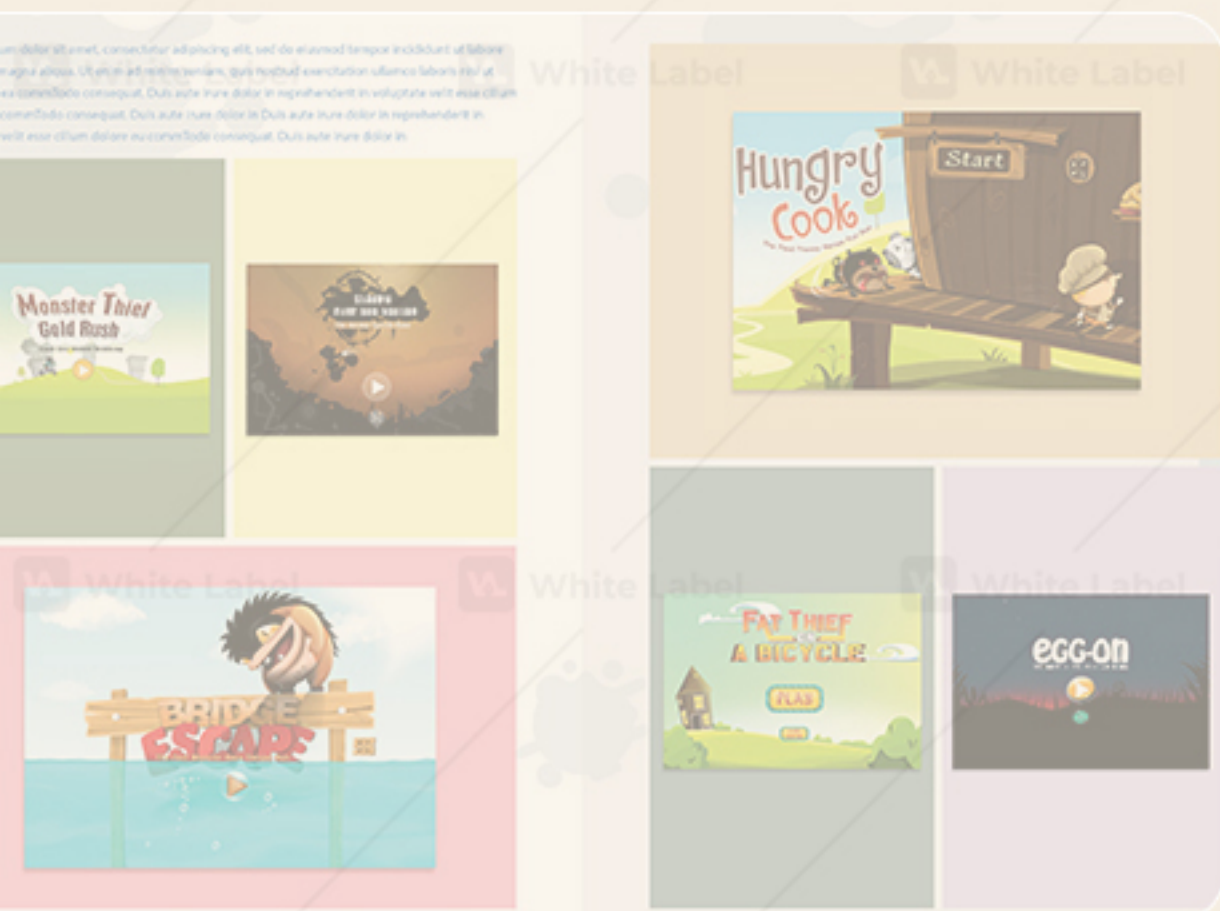

A catalog is a visual design product that shows potential clients your products or services. It should be produced to the highest standards and detail your whole line of products or services you offer to your consumers.
